## Prevention activities in Private schools with the support of our sponsors.

During this month, the communication department shed light on the ongoing prevention activities held in different private schools around Lebanon.

With the support of Bank Audi, Hypco, ZR group, Sara group and Bassoul-Heneine SAL, we succeeded in delivering awareness sessions around child abuse among students. Each institution received a personalized program on child protection; from internet safety to bullying, sexual education, and non-violent communication, each session was delivered according to the school's needs.

The prevention sessions are based on games and fun activities during which students can have fun while learning!

## TRAINING WITH POLICE OFFICERS FROM ZAHLE MUNICIPALITY, MAALAKA AND TAANAYEL.

As part of the community initiatives funded by UNICEF, and in collaboration with the Municipality of Zahle, Maalaka and Taanayel, himaya delivered a training to a group of municipal police officers on child protection. The training included themes such as violence against children, the responsibility of officers towards children and child-friendly communication. Over the course of 3 days, participants were cooperative and engaged, they shared their experiences on the field and expressed their commitment to have children's best interest at heart.

# Celebrating عيد الطفل around Lebanon

During the month of March, our prevention team planned a weekend full of activities to celebrate Mother's Day and Children's Day.

The celebrations took place in all of himaya's safe parks. Children were able to enjoy many creative activities such as painting, gardening, karaoke, arts and crafts and many more during which, our team made sure to deliver messages on Child Protection in a playful setting.

## Opening of a new Safe Park in Mina, Tripoli

In partnership with UNICEF, Service Social International and Madad EU trust, himaya launched a new Safe Park for children in Tripoli El Mina. Members of the municipality, UNICEF representatives, other NGO, and the local community attended the opening ceremony supporting our new project. To celebrate our new achievement, children and parents were invited to take part in fun activities inside their new Safe Space!
